

GP**GENERAL PURPOSE // 100% COTTON**

When the job calls for 100% cotton shirts. Use the best cotton ink in the industry. Low cost, bright colors and easy to use.

HO**HIGH OPAQUE // 100% COTTON**

If you are not a fan of using a white under base. Give the HO series a try. Our high opacity formula will help you get the job done quick!

BR**BLEED RESISTANT // 50/50 BLEND**

Don't worry about bleed resistance anymore with the BR series. Over 60 stock colors!

AP**ALL PURPOSE // COTTON & POLY**

Don't change your ink on press anymore when you use the ALL PURPOSE series. No dye migration, low cure, and a huge time saver!

PF**PUFF PLASTISOL // 50/50 BLENDS**

Give your jobs an added dimension by using puff inks. The PF series is a great way to bring in new clients and show them something unique.

TR**TRANSFER INKS // 50/50 BLENDS**

Save money and make your own transfers. With the TR series there is no need to send your artwork outside your shop to make transfers.

ELC**EXTREME LOW CURE // SPECIALTY MATERIAL**

Do you print tote bags & other specialty materials? Use the ELC series to remove the worry and save time while curing at ONLY 250 degrees!!!

WB**WATER BASE // 50/50 COTTON POLY BLEND**

Soft hand, easy to cure, and a great price. Our eco friendly product line cleans up with soap and water.

SP**SPORT SERIES // 60 / 40 & 100% POLY**

Working with DIFFICULT textiles that are prone to bleeding. Use the SPORT series. This formulation is low cure & has extra bleed resistance, to get the job done right.

ATH**ATHLETIC // 100% POLYESTER**

Use the ATH series when you are printing 100% poly garments and need a low cure, FAST FLASH, high bleed resistance ink, with a stretch additive built in. PERFECT FOR TEAM SPORTS UNIFORMS.
