PLEASE NOTE: WE <u>CAN</u> SPECIAL ORDER ANY UNION INK NOT STOCKED IN OUR WAREHOUSE ! SPECIAL ORDERS REQUIRE A \$70.00 MINIMUM & COST OF FREIGHT *PLEASE CALL XPRESSCREEN FOR PRICES & DETAILS.							

WARRANTIES:

All XpresScreen equipment comes with a One-Year Limited Warranty on parts and labor. All warranties begin from the date of original purchase of the equipment and cover **only** the original pieces of equipment. Any replacements of equipment during the warranty period *will not* initiate a new warranty. All warranties are in effect only when equipment is used under normal working conditions. XpresScreen will pay regular freight charges one way for any repairs or replacements for equipment covered solely by XpresScreen warranties. Use of outside repair, if other than original manufacturer, must be authorized by XpresScreen to be covered by the warranty. All warranties cover only the original purchaser of the equipment, unless otherwise approved by XpresScreen.

POST-WARRANTY POLICIES:

If equipment is post-warranty and sent to XpresScreen for repair, the following fees apply: LABOR will be charged at a rate of \$75.00 per hour. PARTS will be charged per quote. FREIGHT, both ways, will be at the customer's expense.

All product orders are shipped UPS unless otherwise noted.

All orders less than \$100.00 are subject to a Shipping Charge determined by weight and destination.

\$ 6.00

TERMS AND CONDITIONS

1. XpresScreen will make every effort to ship your order within 24 hours. Backordered merchandise will be shipped as soon as possible.
2. Prices are subject to change without prior notice, and are those in effect at the time of shipment.
3. XpresScreen is **NOT** responsible for freight charges on equipment orders.
4. There is a \$30.00 service charge on all returned checks, and a 15% restocking fee on all orders refused at destination.
5. All returns **must** have an RMA# from XpresScreen or we will refuse return. If you find defective merchandise in any shipment, call XpresScreen @ 1800-597-9530 within 5 days for exchange.

Ioline SmarTrac I/S 60 Imaging Cutter: Cuts up to a 25" letter. New friction free head will cut lightweight stencil film to 35-mil sandblast, heavy reflectives, all kinds of vinyl, paper rubylith, and flocked material. Has a multi tool jaw, which will allow the user to engrave, pounce, and print cut for stencils or marker draw for banners. Whisper quiet operation and has a lifetime support commitment.

EasyCut Vinyl: A revolutionary new material, which portrays a feel even softer than screen-printing. Longer lasting durable quality that provides for good wash ability and allows the image to stretch with the fabric. EasyCut can be ironed on and dry-cleaned, which makes it perfect for high quality apparel. Also great for printing on t-shirts, aprons, caps and may other textile products.

AccuCut Vinyl: Traditional heat transfer material available in rolls for easy, continuous use, precision cuts and printing. GREAT for printing on the same textile based products as EasyCut! PERFECT for player names & numbers or other applications requiring continuous cutting applications.

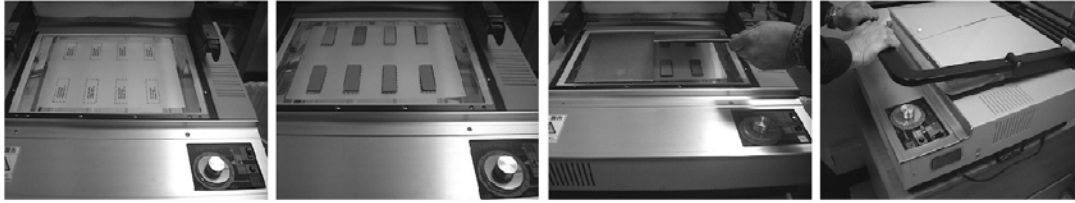

UltraCut Vinyl: A heat transfer material for those hard-to-print slick surfaces such as nylon, rayon, silk, leather and other synthetic materials, UltraCut really grabs the fabric so that your garment is successfully printed first time, every time!

CoCut Pro: Add-on software for cutting vinyl from CorelDraw. CoCut Pro automatically converts lines to cuttable contours, cutting by color and precise mounting using register marks, color welds for user defined color overlaps, resize and segment drawings to any scale you wish.

Minimum Orders: EasyCut Vinyl 5 sheets, AccuCut and UltraCut vinyl 5 yards.
XpresCut product availability and prices are subject to change. Any product held over 15 days may not be returned.
Products returned without a RMA number will not be accepted.
